

**Young Riders 2017
is just around the
corner!**

The Young Rider Program is offered through the United States Eventing Association (USEA) for riders 21 years of age or younger. The program accommodates riders of all levels. Our hope is to generate involvement early on, helping all levels of riders realize their goals and achieve success through dedication, hard work and discipline. The Young Riders of today make up the future of this wonderful sport.

**Here is a sneak peak of our 2017
